**A place to play games
and learn about microbes**

e-Bug is a European wide free educational resource for classroom and home use

The **e-Bug** teacher and student resources for primary and secondary school are linked to the Scottish Curriculum for Science and Health and Wellbeing.

It makes learning about micro-organisms, the spread, prevention and treatment of infection fun and accessible for all students.

Separate primary school and secondary school resources

Teaching resources include:

- lesson plans
- worksheets
- posters
- activities
- animations
- presentations.

Student resources to continue the learning experience at home include:

- online games
- revision pages
