

## External Guidance Addendum

This guidance has been approved for use in Scotland by the Scottish Health Protection Network Guidance Group (SHPN-GG). The guidance should be used in conjunction with the addendum outlined below.

<b>Guidance name:</b>	ECDC Operational guidance on rapid risk assessment methodology
<b>Completed By:</b>	Nicola Rowan, SHPN Manager
<i>Name, SHPN role, Group represented</i>	<i>On behalf of the SHPN-Coordination Group Chairs: Syed Ahmed (HPS) and Tim Patterson (NHS Borders)</i>
<b>Date of guidance sign-off by SHPN-GG:</b>	15/06/17
<b>Addendum required:</b>	The ECDC Risk Assessment Guidance is approved as being acceptable for use in Scotland on the basis that it is to be used for the following:  <i>“The rapid risk assessment of emerging infections where the evidence base is still evolving.”</i>
